

Draper Tree commission - Monday April 1st, 2019 8:00 a.m. Meeting notes

Agenda:

- 1) Review and approve March meeting notes
- 2) Review action items and new google doc
- 3) Discuss plan for estimate for when we start working on new city code
- 4) Review proposal for Sandy Entrance and 1300 East budget proposal & confirm plan for business meeting with city council for 4/16
- 5) Discuss further big city projects for 2019 and follow up discussion on how to order trees ahead of projects

Notes:

Beautification costs are double or triple to do the proper irrigation and flip the strip Waterwise program:

Options:

1. Full Flip the Strip
2. Trees and shrubs, but leave irrigation as sprays
3. Just tree changes
4. Limit the size of project to Sandy entrance to 12300 South

One of the problems with any option is salt.

We could explore options of having volunteers help with the work

The session with the city council business meeting is an opportunity to discuss options based upon budget

Propose good, better, best scenarios

Send presentation two days beforehand to Rhett

Ivory homes projects - 30,000 trees total (10,000 within their own developments) - Dan to try and get trees for 2020

Tree Utah does grants - Janet will get a hold of them - Emmy May - Exec Director

Potential fundraising companies - Pluralsight will be moving to Draper, Healthequity is building a second building

Reviewed trees for Traverse Ridge city project

Actions:

1. Schedule working session on 1300 East project - Dave
2. Get additional landscaping quotes - Janet, Dave, Wayland
3. Find out if we can have volunteers do part of the landscaping or if we can use different companies for demo work vs. planting - Wayland
4. Follow up with Tree Utah grant options - Janet
5. Revise proposal into good, better, best options
