

JOB DESCRIPTION

TITLE: GIS Specialist II
DEPARTMENT: City Manager
GRADE: 14
FLSA: Non -exempt
EEO DESIGNATION: Professionals
REVISION DATE: 06/28/2018

POSITION SUMMARY

The GIS Specialist II works under the direction of the GIS Manager. This position performs technical GIS functions including but not limited to, editing and maintaining data layers (vector and raster), performing data analyses, data collection, addressing, cadastral mapping, generating maps, and creating web mapping applications. GIS Specialist II works with other City departments, outside agencies, and the public.

ESSENTIAL FUNCTIONS

- Creates new datasets and maintains existing datasets in enterprise geodatabases.
- Performs GIS analyses and generates maps for City departments, outside agencies, and the public.
- Experience with addressing, geocoding, and coordinate geometry preferred.
- Working knowledge of GPS hardware and software, and the integration of GPS data into GIS software.
- Manage and maintain metadata for all data in SDE.
- Assists in coordinating GIS functions with other City departments. Works in conjunction with users to assure end product needs are met.
- Assists with training and technical assistance in GIS procedures and software to City staff and other end users.
- Performs other duties as assigned.

MINIMUM QUALIFICATIONS

Must have a Bachelor's degree in one of the following areas: GIS, Geography, Engineering, Computer Science, Planning, or a related field from an accredited college or university. The GIS Specialist II must have at least 5 years progressive professional experience using Esri's ArcGIS Platform. Must possess a valid Utah Driver's License. Experience in a municipal setting is preferred.

JOB DESCRIPTION
